\$45 Total renewal for the following 6 month period, which covers:		
\$27 International Dues + \$18 Club Dues		
March renewal covers the following April-September September renewal covers the following October-March		

Keller Communicators Toastmasters Dues Structure

Explanation of the dues structure

Dues vary by Toastmasters Club. Keller Communicators dues are **\$45 per 6 month period**, prorated to the month you join. \$27 of that goes to International and includes your monthly subscription to the Toastmaster magazine. \$18 of that stays with our club to cover operating expenses and supplies.

In addition:

If you have never been a Toastmaster before: there is an additional required one time \$20 fee for materials and registration. This includes your “Basic” Communication and Leadership manual containing your first 10 speaking assignments. You need only pay this fee once, for the first club you ever join. However...

If you have been a Toastmaster before: the \$20 materials fee is optional. If you want another set of educational materials, you can opt to pay the \$20 fee. If you’d prefer to use the materials you received with your previous membership, you can waive the \$20 materials fee. Those materials are also purchasable separately via the Toastmasters supply catalog or on-line via the Toastmaster International on-line store.

Memberships are renewed each March and September. If you join within 1-2 months of a renewal month, we prefer to collect your renewal for the following 6 months “up front”.
